REQUEST FOR CERTIFICATE OF CORRECTION  
PURSUANT TO 35 USC 254 (OFFICE MISTAKE)

Honorable Commissioner of  
Patents and Trademarks  
Washington, DC 20231

Sir:

A Certificate Of Correction of the above-captioned patent is respectfully requested.

Grant of this Request is respectfully requested in accordance with the provisions of 35

USC 254 which states:

35 U.S.C. 254 Certificate of correction of Patent and Trademark Office mistake. Whenever a mistake in a patent, incurred through the fault of the Patent and Trademark Office, is clearly disclosed by the records of the Office, the Director may issue a certificate of correction stating the fact and nature of such mistake, under seal, without charge, to be recorded in the records of patents. A printed copy thereof shall be attached to each printed copy of the patent, and such certificate shall be considered as part of the

original patent. Every such patent, together with such certificate, shall have the same effect and operation in law on the trial of actions for causes thereafter arising as if the same had been originally issued in such corrected form. The Director may issue a corrected patent without charge in lieu of and with like effect as a certificate of correction.

In the present patent, claim 7, column 32, line 31 reads "and a challenge message response for a home domain" as shown, for example, in the Amendment Under 37 CFR § 1.111 filed January 22, 2009.

However, the Letters Patent which issued on September 22, 2009, incorrectly reads claim 7, column 32, line 31 as "and challenge message response for a home domain."

Also, in the present patent, the first non-patent literature document listed under the "Other Documents" heading on the second title page in the continuation of section (56) reads "3GPP TR22.934 V1.0.0 (Feb. 2002)" as cited in the Information Disclosure Statement filed April 7, 2005 and considered June 3, 2009.

However, the Letters Patent which issued on September 22, 2009, incorrectly lists the first non-patent literature document listed under the "Other Documents" heading on the second title page in the continuation of section (56) as "3GPP TR22.934 V1.1.1 (Feb. 2002)."

It is submitted that issuance of a Certificate of Correction is warranted under 37 CFR 1.322 and MPEP 1480 in that the above-noted error is consequential, is not of a minor typographical nature, and is not readily apparent to one skilled in the art.

Grant of the attached Request for Certificate of Correction is respectfully solicited.

If any fee is due it may be charged to Deposit Account 04-1061.

Respectfully submitted,

/James Edward Ledbetter/
